Shrimpton	04_06_02	Mayor, standing in studio	9128	9128	A9128 'Shrimpton 9128' Councillor Frederick L Shrimpton, mayor of Andover 1932-3: note by David Borrett, I don't know much about (Frederick) L Shrimpton but there is often information to be found in the Advertiser either at the beginning of their mayoral year or at the end. Deaths of mayors are often covered in great detail as well. His dates are 1879-1944 and he died in Andover which helps. This portrait is typical of all the mayoral portraits taken at the beginning of their year of office and no doubt an identical one is held in the reference library photo drawers. He was mayor in 1932-33 which in those days started and ended in November, rather than May as it is now.	1933
